### IMPORTANT INFORMATION

Cover for extended cancer benefits will end when the insured person reaches the age of 65.

To qualify for the additional Medical Premium Waiver cover, you must be under age 60 years. Cover ceases at age 70 years.

One debit order will be collected for your Gap Cover and any optional benefits and a separate debit order for Medical Premium Waiver.

A single member younger than 55 on an individual policy should notify us if there is a change in their circumstances requiring cover for additional dependants, in which event the premium will be amended accordingly.

Older people are likely to claim more benefits than younger people and therefore premium amounts are age banded and differentiated based on age.

Policy premiums are not tax deductible in the same way that your medical aid contributions are. No IT3 tax certificates can therefore be issued for this purpose.

## SECTION E: DEBIT ORDER AUTHORISATION

---

I authorise Zestlife to issue payment instructions to its bank to collect the monthly premium due by debit order from my bank account on condition that the sum of such payment instruction will never be more than my obligation in terms of this application. I acknowledge that all payment instructions issued by Zestlife shall be treated by my bank as if the instructions have been issued by me. The debit order will be collected every month on the debit order collection date selected below.

If this collection day falls on a Sunday or recognised South African public holiday, the collection day will automatically be the following business day. I acknowledge that this debit order authority may be assigned to a third party only if the policy is transferred to another insurer or administrator. I understand that the payment instruction will be processed through a computerised system provided by the South African Banks.

I will not have the right to any refund of amounts which Zestlife has collected while this debit order authority was in force, if such amounts were legally owed to Zestlife. This debit order authority may be cancelled by giving Zestlife notice of not less than 31 days and the cancellation will not necessarily cancel my policy. Zestlife followed by a unique reference number will be reflected on my bank statement as the payment reference.

Premiums are payable monthly and if the premium is not received for two consecutive months the policy shall be cancelled.

## SECTION F: NEEDS ANALYSIS

---

The Gap product meets my needs as my medical aid does not cover the total medical practitioner costs if I am hospitalised. The product was recommended as a solution because it will cover the difference between the medical practitioner's charges (limited to 5 times the medical aid tariff) for treatments I receive in hospital and for listed out-of-hospital procedures, less the higher of the amount payable or paid by my medical aid, or 1 times the medical aid tariff. In the case of the Essential Gap Cover option the medical practitioner's charges will be limited to 3 times the medical aid tariff. I understand that I will experience a shortfall if a medical practitioner charges more than three times what is actually paid by my medical aid.

The Extended Cancer Cover (if chosen) meets my needs because I could experience medical aid shortfalls on cancer treatment. The benefit is subject to a general six-month waiting period. Cover for this benefit ends on the day the insured person reaches age 65. A life insured is not covered if the claim is made within 12 months after the start of the Extended Cancer Cover policy in respect of a medical condition for which in the 12 months preceding the start date of your policy medical advice, diagnosis, care or treatment was received or would reasonably have been recommended.

The Medical Premium Waiver product meets my needs as it will continue to pay the medical aid contributions for me and/or my medical aid dependant/s in the event of my death or disability. The Medical Premium Waiver product was recommended as a solution because it will cover the medical aid contributions for me and/or my medical aid dependant/s for the benefit payment period selected.

I understand that there are other similar products on the market but the intermediary regards this Gap Cover product as the most suitable product for me. Alternatively, the intermediary does not represent any other Gap Cover and Medical Premium Waiver product supplier. I confirm that a full needs analysis was done and that the monthly premium is affordable taking into account my other financial commitments.
